## Our Collection of the Best Pool Brands

The purchase of your very own swimming pool is an exciting time! A cool-off in summer, recreation for the kids and poolside barbecues have infinite appeal, yet with so many companies to choose from, how can you be sure you are getting the very best pool for your investment? Look no further.

We are a local pool centre, operating in your area, offering a collection of the very best swimming pools available. We have conducted all the research and negotiated exclusive deals with Western Australia's leading swimming pool companies in order to offer you a premium range of fibreglass pools from AquaTechnics, Buccaneer Swimming Pools and Sapphire Pools at the very best prices.

When you invest in a swimming pool with us, you can rest assured your pool has been built to Australian Standard 1838, includes an Extended Lifetime Structural Warranty and is available with the award-winning Pool ColourGuard™, for brilliant colour guaranteed not to fade.

Best of all, you can expect to receive a level of customer service that is second-to-none from your local pool specialists - *it's really that simple when you deal with the experts.*

# Proof Our Pools are Better

Our affiliation with Aqua Technics, Sapphire Pools and Buccaneer Swimming Pools is no coincidence. Each manufacturer has been carefully selected to ensure we offer a range of swimming pools that is superior in every way. Armed with a quality checklist, we have reviewed each of our suppliers to ensure every swimming pool meets stringent quality standards. But don't take our word for it. Simply compare the following list of swimming pool inclusions with any other pool company to confirm our value promise - you just may find yourself suitably impressed.

## Leading Manufacturing Processes

- All pools built to Australian Standard 1838
- Manufactured in accordance with ISO 9001 Quality Management System
- All pools made in WA to suit local conditions

## Superior Structural Elements

- Wide structural edgebeam eliminates the need for bond beam
- Enclosed steps & swim-out areas for added support
- Full-width floor & walls for maximum swimming area\*
- Reinforcing ribs for added strength
- Fully-matched lamination system prevents de-lamination

\*excludes safety ledge range

## Safety Features for Added Peace of Mind

- Modern range of safety ledge pools
- Swimouts or generous bench seating in every pool
- Non-slip surfaces

## Pool ColourGuard™ Option

- Revolutionary, award-winning surface protection system
- Brilliant pool colour that is guaranteed not to fade or change
- Exclusive to Aqua Technics, Sapphire Pools & Buccaneer Swimming Pools

## Flexibility in Personal Fitout Options

- Recessed tile line on some models
- Coping stones/headers
- Underwater lights easily fitted
- Spa jets, exercise jets and air channels can be fitted

## Quality Guaranteed

- Extended Lifetime Structural Warranty with every pool
- Pool ColourGuard™ Lifetime Interior Surface Guarantee

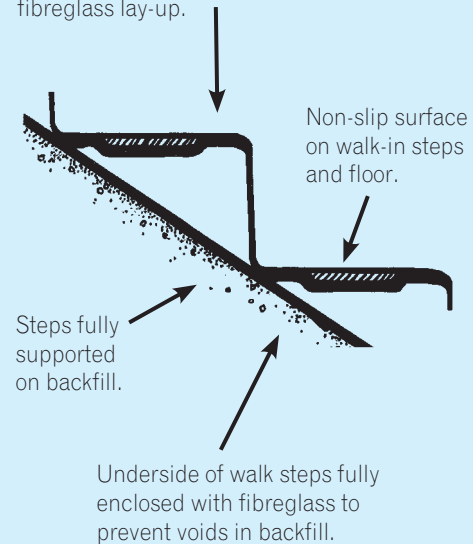

## Swimming Pool Specifications

Rest assured that when you purchase a pool from our superior fibreglass range the quality will be second to none. Each pool within the range features reinforced ribbing for extra strength. In addition, all pools are manufactured under strict quality control procedures with inspections done at each stage of the manufacturing process to ensure you receive the best product available.

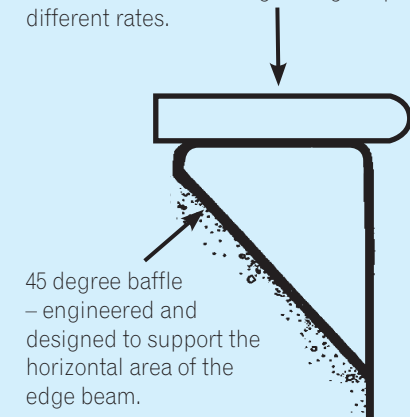

### STEP REINFORCEMENT

Each walk-in step reinforced with rot-proof polyurethane covered with double thickness fibreglass lay-up.

### EDGE BEAM DETAIL

Non-slip surface or optional pavers designed to fit perfectly with no concrete ring beam needed so no chance of cracking through expansion at different rates.

The design of the edge beam coupled with the width at 200mm means that your pool is structurally sound without having to add any secondary engineering works. This means there is no need for a concrete ring beam because the pool is already structurally sound (except in highly reactive soils).

# When Quality Counts

Each of our pools is manufactured in accordance with a Quality Management System (QMS) as per the requirements of the International Standard ISO 9001 and are processed and supplied to comply with AS/NZS 1838:1994 under license number 1906. Any pool builder can say they build to, or better than, the Australian Standard but for your peace of mind always ask for a license number.

Obtaining the accreditation to build a fibreglass swimming pool under the Australian Standard means being measured and tested by an authorised, independent auditor. This accreditation is not easily achieved yet each of our swimming pool manufacturers is proud to uphold this endorsement.

During the manufacturing process, a gelcoat is applied to each of our pools at Western Australia's only gelcoat manufacturing facility. Gelcoat is mixed on a daily basis from high quality raw materials by a fully qualified industrial chemist, allowing them to be modified to suit ambient weather conditions. This guarantees a better product.

The thickness of every pool is assessed and recorded during the manufacturing process. Stringent controls apply to the bonding between all layers to ensure a strong and structurally sound pool. Quality supervisors visually inspect every pool prior to dispatch, ensuring your pool is nothing less than the best.

# Trophy Cabinet

The quality of swimming pools we offer has not gone unnoticed. Numerous awards have been received for pool models right across the range including many local and National Swimming Pool & Spa Association (SPASA) Awards of Excellence and even International Awards of Excellence from the Association of Pool & Spa Professionals (APSP) - proof that the superiority of our pools is recognised the world over.

Recent, prestigious awards include:

- 

SPASA WA Gold Award 2010
- 

APSP International Gold 2010
- 

WA Pool of the Year 2009
- 

APSP International Bronze 2010
- 

WA Pool of the Year 2008
- 

APSP International Gold 2008

- 2 recliners, 2 bench seats and 1 therapy seat
- Seats up to 5 people
- Available in an exclusive range of colours and surface finishes including Pool ColourGuard™ with a Lifetime Interior Surface Guarantee

# PoolColourGuard™

Advanced Technology in Fibreglass Swimming Pools

**We dare you to compare**

## **Pool ColourGuard™**

Exclusive to our award winning range of pools, Pool ColourGuard™ is the world's most highly advanced swimming pool technology breakthrough. It uses a revolutionary, specialised manufacturing process to ensure your swimming pool **will not fade** and will resist the effects of ultra violet rays.

Backed by a **Lifetime Interior Surface Guarantee\***, a pool with Pool ColourGuard™ offers pool buyers the following unique benefits:

### **Pool Colour with a Lifetime Interior Surface Guarantee\***

Even after years of regular use the pool is guaranteed to look as good as the day it was installed. The extensive range of fibreglass surface finishes is now protected from colour loss and weathering for the lifetime of the pool!

### **Superior defence against chemicals and water**

Low levels of pH and high chlorine readings will not harm the pool's brilliant colour or textured finish - guaranteed.

### **Super high-gloss surface finish never before seen on swimming pools**

Special ultra violet absorbers and inhibitors are incorporated in the Pool ColourGuard™ process to dramatically minimise any degradation of the surface by ultra violet light. The special process imparts a very high gloss to the pool's surface which is maintained year after year.

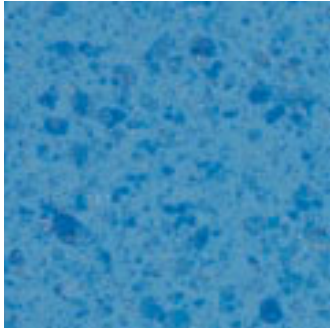

The result is a swimming pool that is available in 14 brilliant vivid colours that will not be bleached by chlorine, oxidised by chemicals or degraded by the effects of ultra violet rays. Only a pool with Pool ColourGuard™ can offer you this.

\* Conditions apply

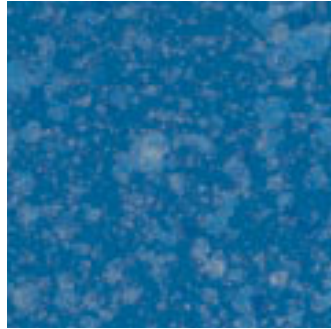

Every effort has been made to represent the true colours, however variations may occur due to the printing process. The final product may be subject to a colour variation of +/-15% due to climatic conditions and the manufacturing process.

## Crystite® - with a Lifetime Surface Guarantee\*

A Crystite pool incorporates a unique, multi-layer construction and a dual gelcoat layer that acts like sunscreen for your pool, protecting the surface from exposure to UV-rays.

The ability of Crystite® to protect a swimming pool from fading has been tested and proven. As a result, all Crystite pools include a **Lifetime Surface Guarantee** – a testament to the long standing quality and strength of the swimming pools we offer.

A Crystite® surface finish includes a jewel-like brilliance that actually sparkles and is available in two stunning colour ranges including Crystite® Deluxe and Crystite® Classic.

### Crystite® Deluxe

Coloured and silver chips are evenly distributed throughout the surface for a pool with a dramatic, brilliant finish that actually sparkles in the sun.

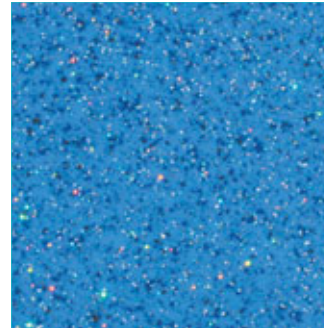

### Crystite® Classic

Take your pick from the popular classic range for a spectacular, yet more subtle shimmering pool surface with a **Lifetime Surface Guarantee**.
